

# WeVol's 1<sup>st</sup> Annual Benefit

WeVol is a 501(c)3 non-profit organization whose primary focus is education. By funding education related projects both locally and internationally, WeVol empowers individuals and communities lacking resources to create sustainability, hope, and engagement.

## “From Here to Jalapa”

Jalapa is a small town about 10 miles from the Honduran border in northern Nicaragua. Located in the Nueva Segovia region, Jalapa is one of the poorest towns in Nicaragua. The schools in the area suffer from overcrowding, a lack of clean water, no school room lighting, and a host of other issues. WeVol is working to support the local educational infrastructure and fund educational programs focusing on WASH (Water, sanitation, and hygiene) and other basic skills.

Please join us for a night of festivities benefitting WeVol projects!
